

atFAX v Traditional Fax

atFAX eliminates the need for organisations to invest in and maintain fax devices and analogue lines while allowing you to send and receive faxes via email, multifunction printers/single function printers and smart devices.

Traditional faxing requires the use of physical fax devices and fax lines to send and receive hardcopy fax.

COMPARISON	atFAX	Traditional Fax (MFP Fax Units and Fax Machines)
Send hardcopy fax from multifunction printer	Y	Y
Receive hardcopy fax to multifunction printer	Y	Y
